

## Ultra High Speed Hand Dryers

Biobot 1 | BB08-1

Biobot 2 | BB08-2

### Biodrier Biobot

The new fun way of introducing children to drying their hands and they can help save the planet too! The Biobot is made from a high speed, energy efficient hand dryer and a colourful splash-back with an environmental message. We also have Make Your Own Biobot sheets to give away for a fun, crafty activity!

### Features

- Comes with a backplate that has an environmental message.
- Recent feedback from schools shows that having a Biobot installed increases the frequency that children wash and dry their hands.
- Dries hands in under 10 seconds.
- Made from the Biodrier Eco, our most popular dryer!
- No touch activation using infrared sensors.
- Energy efficient - **Uses 90% less energy than a conventional dryer!**
- Made from strong die cast aluminium.
- Low maintenance.

### Technical Specifications

Item Category	Performance
Operating voltage	220-240Vac, 50 Hz
Air speed	64 m/s (140m <sup>3</sup> /h)
Motor type	650W adjustable brush type
Heater element	250W thermal protected
Rating power	900W
Drying time	Under 10 seconds
Circuit operation	Infrared automatic, self adjusting
Timing protection	60 seconds auto shut off
Drip proof	IP22
Isolation	Class I
Net weight	4.5kg
Unit size	W 280 x H 300 x D 175mm
Finish	Die cast aluminium white/silver/chrome
Decibel rating	76 dba @ 1 mtr
Approvals	CE, WEEE,  GreenSpec®

Cost Per	Paper Towels	Conventional Dryer	Biobot Dryer
