

Ultra High Speed Hand Dryers

SILVER | BB702S

WHITE | BB702W

Biodrier Business²

The Biodrier Business² creates a dual jet airflow that will dry your hands within 10 seconds. It also adopts CPU technology with a wide LED display. A concealed switch allows you set the unit at two heat levels 1400 watts (heater on) and 700 watts (heater off) and is fitted with Antibacterial filter and Air Freshener as standard.

Features

- Dries hands in under 10 seconds.
- No touch activation using three infrared sensors.
- Energy efficient - uses the heat from its own motor to provide the warm air used to dry your hands. **Uses 90% less energy than a conventional dryer!**
- Drip tray catches excess water that is blown from the hands.
- Gel block - moisturises hands, sanitizes the unit and freshens washroom air.
- Two heat levels to choose from.
- Brushless motor - long lasting and energy efficient.
- LED display - drying time count down and maintenance prompts.
- Antibacterial air filter.

Technical Specifications

Item Category	Performance
Operating voltage	220-240Vac, 50 Hz
Air speed	110 m/s, 200m ³ /h
Motor type	35000 rpm, IPC brushless DC
Heater element	700W thermal protected
Rating power	700W (heater off) 1400W (heater on)
Drying time	Under 10 seconds
Display	LED - Countdown
Circuit operation	Infrared automatic, self adjusting
Timing protection	30 seconds auto shut off
Drip proof	IP22
Isolation	Class I
Filter	Antibacterial filter
Air freshener	Organic ocean breeze fragrance
Net weight	8.5kg
Unit size	W 300 x H 680 x D 250mm
Finish	Fireproof ABS, 94V0, PMMA, UV Coated
Decibel rating	78 dba @ 1 mtr
Approvals	CE, WEEE, ETL,
