

Biodrier

Biodrier
Identity Guidelines

May 2011

Identity: Full colour logo

The Biodrier logo represents the brand for the hand drier product range.

Applying the rules of the new identity uniformly and consistently across all media will ensure the brand is perceived effectively.

Minimum Clearspace

When using the logo, allow it to “breathe” and have maximum impact by preserving a minimum clear space zone around it. The minimum clear space is equal to the width of the letter o, as illustrated.

Maintaining the clear space zone between the logo and other graphic elements such as type, images, other logos, and the edge of pages, helps to ensure that the logo retains a strong presence wherever it appears. Where possible, allow even more space around the logo.

Minimum Clearspace

When using the logo, allow it to “breathe” and have maximum impact by preserving a minimum clear space zone around it. The minimum clear space is equal to the width of the letter o, as illustrated.

Maintaining the clear space zone between the logo and other graphic elements such as type, images, other logos, and the edge of pages, helps to ensure that the logo retains a strong presence wherever it appears. Where possible, allow even more space around the logo.

Colours

Two swatches have been chosen for the Biodrier logo and these must be strictly adhered to throughout all media.

CMYK is the print industry standards for colour match and RGB and Web (Hex) colours are included for digital and online work.

SWATCH 1

Web: #004990

RGB: R0 G73 B144

CMYK: C100 M72 Y0 K18
